

112TH CONGRESS
2D SESSION

S. 3404

To establish within the Department of Energy an Office of Federal Energy Production, and for other purposes.

IN THE SENATE OF THE UNITED STATES

JULY 19, 2012

Mr. COATS (for himself and Mr. VITTER) introduced the following bill; which was read twice and referred to the Committee on Energy and Natural Resources

A BILL

To establish within the Department of Energy an Office of Federal Energy Production, and for other purposes.

1 *Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,*

3 **SECTION 1. SHORT TITLE.**

4 This Act may be cited as the “Department of Energy Reorganization Act of 2012”.

6 **SEC. 2. FINDINGS.**

7 Congress finds that—

8 (1) Americans are paying an ever-increasing amount to meet basic energy needs;

1 (2) a consolidation of energy-production func-
2 tions within a single agency would contribute to
3 greater strategic energy policy coherence;

4 (3) the mission of the Department of Energy is
5 an obligation to ensure the energy security and pros-
6 perity of the United States;

7 (4) the Department of Energy is the primary
8 Federal source for energy data and forecasting at
9 the Energy Information Administration;

10 (5) the Energy Information Administration can
11 best account for national energy needs both now and
12 in the future;

13 (6) fossil-fuel production on Federal land de-
14 creased by 14 percent in 2011 and is anticipated to
15 continue declining into the foreseeable future under
16 the stewardship of the Secretary of the Interior;

17 (7) the Secretary of the Interior continues to
18 restrict access to domestic energy;

19 (8) the Department of the Interior is oriented
20 more toward conservation and managing Federal
21 land than providing for the future energy needs of
22 the United States; and

23 (9) the Secretary of the Interior continues to
24 pursue land management and resource development

1 decisions that hamper economic growth and fail to
2 meet the energy needs of the United States.
